

Families of Ibstock Place School

Aim

Our aim is to connect you with your year group from the very start of the academic year. We invite you to one of our FIPS coffee mornings early in September, where you can meet your FIPS year-group representatives and sign up to the WhatsApp group administered by them. The WhatsApp group is a lifeline: here, you can discuss year-group specific information and receive details of activities organised by FIPS throughout the year.

We strive to provide an inexpensive and high-level service with our termly second-hand uniform sales, supplemented by FIPS Marketplace, a WhatsApp group where you can buy and sell primarily non-uniform items needed for school (football boots, hockey sticks etc.).

FIPS Football for parents and friends is available free of charge and runs every Wednesday 7-8.30pm during term time, following registration. It is currently the only club representing our strong belief that common-interest groups offer an easy and informal way to create an additional layer of connections within the community. If you have a theme for such a group, please talk to us and we will be delighted to help get it started.
